Brian, Pam, and a trust in the name of six minor children are the current shareholders. Ennis Homes is a building contractor whose business consists of building and selling single-family homes in California's Central Valley.

Ennis Homes started as a small residential development company that eventually grew into a large home builder developing 18 subdivisions in 10 cities in Central California when it filed its Chapter 11 case. Ennis Homes has received the following honors:

#### IV. Background of Events Leading to the Chapter 11 Filings

A general decline in the housing market and the economic recession that began in 2008 have driven house prices down and slowed the sale of homes. Though the decline in the housing market and recession have been nationwide, the decline in the housing market has been especially acute in California and the San Joaquin Valley. The decline in the housing market and recession resulted in fewer home sales by Debtors. Ennis Homes was unable to make the payments to its creditors as required by its loans and Ennis Homes defaulted on its loans. Debtors filed for protection under Chapter 11 to protect their properties and continue the development of their properties to repay the debts owed to their creditors.

The housing market is beginning to strengthen in Central California. Home sales have increased in Central California over the last several months. Debtors believe that this is true because the public believes that now is a good time to purchase a home because of the large drop in home prices that has occurred.

Debtors have made changes in their plans for the development of their properties. Debtors have lowered the sale prices of their homes consistent with the market. Debtors have slowed development to reduce standing inventory and out of pocket expenses for maintenance and security. Debtors are liquidating several tracts of real property that are unnecessary to their reorganization.

##### 17 **1. Wells Fargo Bank**

18 Wells Fargo Bank ("WFB") filed a Motion for Relief from Stay (PIL-1) on March 23,  
19 2009 in the Ennis Homes case. WFB requested that the Court allow them to foreclose on four

12 (THA-1) on behalf of several individuals that had purchased homes from Ennis Homes  
13 ("Homeowners"). The Homeowners are parties to four separate lawsuits pending at the time of  
14 the bankruptcy filing. The subject motion requested that the Court allow the lawsuits proceed  
15 as long as any judgment entered and enforced would be against available insurance proceeds.

6 pending in the Fresno County Superior Court. The subject motion requested that CSAA be  
7 allowed to attempt to obtain a judgment to include only insurance proceeds. The Court denied  
8 the subject motion without prejudice because it did not comply with Local Rules. On July 21,  
9 2009, CSAA re-filed their motion (GRU-2). After a hearing held on August 12, 2009, the  
10 Court granted relief from stay.

17 ("the Motions for Joint Administration") of Ennis Homes and Ennis Land that were set for  
18 hearing on September 2, 2009 at which time the Court authorized the joint administration of the  
19 cases.

20 **F. Motions for Authority to Sell Real Property Free and Clear of Liens filed by**  
21 **Debtors**

22 Ennis Homes filed a Motion for Authority to Sell Real Property Free and Clear of Liens  
23 on April 16, 2009. The Motion sought to sell six residential homes. The Motion was granted  
24 by the Court on May 13, 2009. Debtors filed Motions for Authority to Sell Real Property Free  
25 and Clear of Liens on August 26, 2009. The Motions sought authority to sell 65 residential  
26 homes. The Motions were granted on September 28, 2009. In addition to authorization to sell  
27 residential homes, Debtors sought and were given authorization to sell the following  
28 subdivisions:

1. Silver Springs;
2. Silver Oaks;
3. Linwood;
4. Willow Brook; and
5. Willow Glen, Phase 4.

The sales of property by Debtors have resulted in about \$12,500,000.00 being paid to creditors.

**G. Motion for Order Directing Substantive Consolidation of Chapter 11 Cases of Ennis Land and Ennis Homes**

Debtors filed a Motion for Order Directing Substantive Consolidation of Chapter 11 Cases of Ennis Homes and Ennis Land Development (“the Motion for Substantive Consolidation”) that was set for hearing on January 13, 2010 at which time the Court authorized the substantive consolidation of the cases. The effect of the substantive consolidation is that two weaker entities will merge to form a reorganized Ennis Homes (“the Reorganized Debtor”) that is stronger than the two separate parts. This is true because Ennis Land Development does not have the liquid assets to fund its daily operations; while, Ennis Homes does not have the real property necessary for the operation of its business.

The Plan treats Ennis Homes and Ennis Land Development’s unsecured creditors equally. Debtors believe this may result in some Ennis Homes’ creditors being paid slightly more than they would have been paid if the cases were not consolidated assuming the debt was not also owed by Ennis Land Development. Debtors believe that the possible increased payment to Ennis Homes’ unsecured creditors, and the corresponding decrease in payment to Ennis Land Development unsecured creditors, is small and the impact is outweighed by the benefit of consolidation and treating claims of both Debtors equally. This is especially true because if the Ennis Homes and Ennis Land Development cases were not consolidated, Ennis Homes would have a general unsecured claim for about \$64,000,000.00 against Ennis Land Development that would dwarf all other claims other than the claim held by Citizen Business Bank. CBB felt that the impact of equal treatment of the Ennis Homes and Ennis Land Development’s unsecured creditors negatively impacted the bank because its claim against Ennis Land Development, which is not owed by Ennis Homes, is large, about \$20,000,000.00. Therefore, Debtors and CBB negotiated separate the treatment of CBB’s claim. See the

1 Section titled General Unsecured Creditors on pages 23 and 24 of the Disclosure Statement for  
2 further information regarding the treatment of CBB. Exhibits indicating the separate claims  
3 against Ennis Homes and Ennis Land Development are attached as Exhibits "K" and "L."  
4 Exhibits "K" and "L" are exclusive of insider claims.

#### 5 **H. Disclosure Statement and Plan of Reorganization**

6 Debtors filed their Joint Plan of Reorganization and Joint Disclosure Statement on  
7 December 18, 2009. Debtors filed a First Amended Joint Disclosure Statement on January 22,  
8 2010. A hearing on approval of the Disclosure Statement was held on February 3, 2010, and  
9 the Bankruptcy Court determined that this Disclosure Statement contains "adequate  
10 information" as required by 11 U.S.C. §1125.

#### 11 **I. Debtor in Possession Financing**

12 Debtors intend to file a Motions for Authority to Borrow wherein Debtors will seek  
13 authorization to borrow money from Bank of America and United Security Bank. A summary  
14 of the terms of each loan are set forth below. At this time, however, financing agreements have  
15 not been executed. Therefore, the terms and conditions of any such executed agreements will  
16 control.

17 Bank of America and Debtors have discussed a loan to Debtors to (a) refinance  
18 existing indebtedness and (b) finance the development of residential projects subject to deeds  
19 of trust held by Bank of America. Contemplated in this loan is about \$8,000,000.00 in "new"  
20 revolving funds in addition to the existing about \$27,000,000 indebtedness. The loan will have  
21 a one year term with a one year renewal option. The money will be provided by Bank of  
22 America to Debtors after Debtors have obtained Court approval to (a) borrow the funds;  
23 (b) grant Bank of America a first-priority lien on Bank of America's existing collateral;  
24 (c) grant Bank of America a super-priority claim; and (d) allowing Bank of America to replace  
25 all outstanding pre-petition lines of credit with lines of credit under the instant financing  
26 agreement. The money loaned to Debtors will be used to pay Debtors' construction costs  
27 associated with Bank of America properties during the term of the loan.  
28

1 The loan agreement with Bank of America contemplates a revolving \$12.2 million  
2 dollar construction loan. The existing indebtedness of the revolving construction loan upon  
3 approval would be about \$4 million dollars. Upon interim approval, about \$2.0 million will be  
4 made available and upon final approval, the remaining sums will be made available. The loan  
5 will be due and payable in one year. However, the loan provides that it can be extended for an  
6 additional year upon the satisfaction of specified conditions. Disbursements would be limited  
7 to 75% of the retail value of completed units. Upon sales of completed homes financed by  
8 Bank of America, the Bank would release 15% of the proceeds to the Debtor. Differing  
9 percentages would be released for bulk sales or other projects as more fully set forth in the  
10 financing agreements. Debtor anticipates that a Motion to Borrow will be filed prior to the  
11 Hearing on Confirmation.

12 Debtor believes that prior to the Effective Date of the Plan, it will have entered into and  
13 obtained approval for financing with United Security Bank. That financing will provide up to  
14 \$1.0 million in financing for the further development of the Williams Ranch Property and for a  
15 partial pay down of the United Security Bank loan.

## 16 **VII. Legal Proceedings**

17 Debtors were involved in two types of litigation before filing their Chapter 11 cases.  
18 The first type of litigation were construction defect cases. Debtors were covered by insurance  
19 at all times relevant to the construction defect cases and litigation of this type will not affect the  
20 Plan. The second type of litigation Debtors were involved in before filing their Chapter 11  
21 cases were mechanic's lien foreclosure actions initiated by trade creditors. However,  
22 mechanic's lien claimants and trade creditors are provided for in the plan and this type of  
23 litigation will not affect the Plan.

1 **VIII. Financial Information**

2 **A. Liabilities**

3 1. Creditors Having Administrative Expense Claims

4 Debtors have incurred administrative claims since the filing of their Voluntary Petitions.  
5 Debtors believe that the administrative claims for unpaid fees and costs owed to the attorneys  
6 and accountants of Debtors will be the following amounts on the Effective Date of the Plan:

<u>Name</u>	<u>Amount</u>
Janzen, Tamberi & Wong	about \$8,000.00
Klein, DeNatale, Goldner, Cooper, Rosenlieb & Kimball, LLP	about \$30,000.00

10 Any unpaid administrative claims will be paid after Court approval if Court approval is  
11 required.

12 2. Creditors Holding Security

13 Debtors reported Secured Claims totaling \$110,000,000.00 on their Schedules D –  
14 Creditors Holding Secured Claims including all amendments thereto. *See Schedules D.*  
15 Debtors believe that their allowed secured claims on the Effective Date will not exceed  
16 \$62,000,000.00. A table showing major secured debts owed by Debtors or guaranteed by  
17 Debtors is attached hereto as Exhibit “A.”

18 3. Unsecured Claims with Priority

19 Debtors reported Unsecured Priority Claims totaling about \$260,000.00 on their  
20 Schedules E – Creditors Holding Priority Claims including all amendments thereto. *See*  
21 *Schedules E.* Debtors believe that their allowed unsecured priority claims on the Effective Date  
22 will not exceed \$275,000.00.

23 4. Unsecured Claims Without Priority

24 Debtors reported Unsecured Nonpriority Claims totaling about \$203,000,000.00 on  
25 their Schedules F – Creditors Holding Unsecured Nonpriority Claims including all amendments  
26 thereto. *See Schedules F.* Debtors believe that their allowed unsecured nonpriority claims as  
27 of the Effective Date will range between \$30,000,000.00 and \$63,000,000.00 excluding  
28

intercompany debtor and guarantor indemnity claims depending on the amount allowed deficiency claims under state law.

5. Disputed Claims

Debtors listed the following claims as disputed in their Schedules of Assets and Liabilities:

<u>Debtor</u>	<u>Creditor</u>	<u>Amount</u>	<u>Type of Claim</u>
Ennis Homes	McIntosh & Associates	\$12,314.50	Unsecured
Ennis Homes	New Home Technologies	\$73,875.00	Unsecured
Ennis Homes	Motivational Systems, Inc.	\$18,209.16	Unsecured
Ennis Homes	J Westcott Plumbing	\$128,548.79	Unsecured
Ennis Homes	Keith Brown Building Materials	\$177,352.00	Unsecured
Ennis Homes	Bacchus Vineyards, Inc.	\$2,057,846.86	Unsecured
Ennis Homes	California State Automobile Association	\$20,458.30	Unsecured
Ennis Land Development	McIntosh & Associates	\$11,847.64	Unsecured

Additionally, Debtors dispute the (1) validity of the majority of mechanic's liens recorded against the real property owned by Debtors and (2) the proof of claim filed by Chicago Title Company.

Chicago Title Company filed a Proof of Claim, Claim No. 83, asserting a claim in the amount of about \$2,500,000.00. Chicago Title Company asserted that its claim is secured in part, priority in part and unsecured in part. Debtors dispute the amount and characterization of the claim filed by Chicago Title Company. Debtors have filed an Adversary Proceeding to determine the nature, extent and validity of Chicago Title Company's interest in about \$685,000.00 of Debtors' money held by Chicago Title Company. Additionally, Reorganized Debtor will file an objection to the allowance of Claim No. 83 filed by Chicago Title Company no later than the Confirmation Date.

The Claims Bar Date in Ennis Homes' case was June 11, 2009 for nongovernmental entities and August 3, 2009 for governmental entities. The Claims Bar Date in Ennis Land Development's case was November 23, 2009 for nongovernmental entities and was January 13, 2010 for governmental entities. Debtors will object to the allowance of disputed claims if the

1 holders of disputed claims file a Proof of Claim. Debtors will continue their review of other  
2 proofs of claim filed in this case and reserve the right to object to other claims they dispute with  
3 respect to the amount and/or priority of such claim.

4                   6.     Allowance of Claims

5           Any claim not objected to by Debtors or another party in interest will be allowed in the  
6 amount set forth in (a) a Proof of Claim filed by or for a creditor or (b) scheduled by Debtors  
7 if no Proof of Claim is filed. However, nothing contained in the Disclosure Statement will be  
8 deemed to be a determination of the amount or allowance of any claim.

9           **B.     Assets.**

10          The value of the assets listed below is the Debtors' opinion of value unless specifically  
11 stated otherwise.

12                   **1. Real Property**

13          Debtors own real property valued at about \$36,200,000.00. Debtors real property  
14 includes (a) 58 homes completed or under construction, (b) twelve subdivisions and (c) ten  
15 vacant finished lots. A list of real property owned by Debtors is attached as Exhibit "B".  
16 Debtors' opinion of value their real property is based on (a) bank appraisal obtained in that last  
17 four months and (b) comparable sales of like properties sold by Debtors and other local  
18 developers.

19                   **2. Personal Property**

20          Debtors reported personal property valued at \$232,270,254.53 on their Schedules B –  
21 Schedule of Personal Property. *See Schedules B filed by Debtors.* However, about  
22 \$130,000,000.00 of Ennis Homes' personal property was an account receivable owed to Ennis  
23 Homes by Ennis Land Development. Further, about \$67,000,000.00 of Ennis Land  
24 Development's personal property was an account receivable owed to Ennis Land Development  
25 by Ennis Homes. Debtors will merge and Ennis Homes will be the surviving entity. Therefore,  
26 the debts owed between Debtors will terminate.

27          The reorganized Debtors own about \$1,700,000.00 in tangible personal property. In  
28 addition to the tangible personal property, Debtors have about \$32,000,000.00 in accounts

1 receivable that are owed to them by affiliates and insiders not including inter-Debtor debts.  
2 Exhibit "C" provides further detail as to the debt owed to Debtors by affiliates and insiders and  
3 notes potential claims of offset held by the affiliate or insider.

4 Debtors time and attention has been focused on the building and selling homes and  
5 administering their business and Chapter 11 cases and not on collecting accounts receivable.  
6 Many of Debtors' affiliates and insiders have guaranteed the debts of Debtors and have been  
7 sued on those guarantees. To the extent that the affiliates and insiders are required to pay  
8 Debtors' debts as a result of guarantees, the affiliates and insiders will have guarantor  
9 indemnity claims against Debtors that may be used to offset the debts owed to Debtors.  
10 However, Debtors will (a) evaluate the collectability of their accounts receivable, (b) enforce  
11 the agreements between them and their affiliates and insiders, and (c) collect the accounts  
12 receivable as permitted by law for the benefit of their creditors.

#### 13 **VIII. Tax Attributes**

14 Debtors are corporations that are taxed under Subchapter S of the Internal Revenue  
15 Code and are taxed as pass-through entities. Therefore, Debtors tax attributes pass-through to  
16 their shareholders. The merger of Debtors will be a tax free reorganization as provided for  
17 under 11 USC Section 368(a)(1)(A). Debtors have consulted with their tax attorney and the  
18 attorneys have rendered the opinion that there will not be a negative tax impact as a result of  
19 Debtors' plan and merger.

#### 20 **IX. Description of the Joint Plan of Reorganization**

##### 21 **A. Generally**

22 Debtors will continue to operate their businesses after confirmation of the Plan.  
23 Debtors have and, will continue to, liquidate non-essential assets. Debtors project that their  
24 businesses will generate the cash flow necessary to make all required payments to  
25 administrative claimants, secured creditors, priority creditors and payments to general  
26 unsecured creditors in the amounts set forth in the Plan. Budget is attached as Exhibit "D" (the  
27 "Budget") and demonstrate the ability of Debtors to meet the payments required under the Plan.  
28 The Budget was prepared by Debtors' CFO after (a) reviewing historical income and expenses

1 and (b) interviewing managers. Exhibit "E" indicates Debtors' overhead expenses for 2008 and  
2 2009 which support the projections contained in the Budget. Exhibit "F" indicates Debtors'  
3 projected direct construction costs and sales prices, which support the projections contained in  
4 the Budget.

5 **B. Continued Sales of Existing Homes**

6 Debtors have 58 homes remaining in inventory that are completed or nearly completed  
7 with an estimated value of \$7,080,000.00. Debtors will complete the construction of the  
8 nearly completed homes and sell the homes. Proceeds received from the sale of homes will be  
9 paid to secured creditors under the terms of the Plan or financing agreements as the case may  
10 be and funds generated from certain operation of Debtors as agreed by secured creditors.

11 **C. Development and Sale of New Homes**

12 Debtors are retaining (a) five projects and (b) purchase options for two projects, and  
13 will be developing on the projects for sale. The seven projects to be developed by Debtors  
14 are:

- 15 1. Eagle Ranch in Bakersfield, CA;
- 16 2. Arbor Park in Hanford, CA;
- 17 3. Cottonwood Estates in Tulare, CA;
- 18 4. Eagle Glen in Visalia, CA;
- 19 5. Madison Crossings in Visalia, CA;
- 20 6. Williams Ranch in Porterville, CA; and
- 21 7. Quail Creek in Delano, CA.

22 Some of the homes built by Debtors are pre-sold before they are constructed; while, others are  
23 built to be marketed and sold for immediate occupation. Bank of America and Debtors are in  
24 discussions regarding financing to Debtors for five of these projects and Debtors anticipate  
25 that United Security Bank will agree to provide financing for one of the projects. Debtors will  
26 repay the debts owed to Bank of America and United Security Bank through payments that are  
27 a percentage of the sale price as provided for in the loan agreements between Debtors and the  
28 banks. Additional terms of the contemplated loans are set forth above.

1           **D. Project Sales**

2           Debtors are actively negotiating the sale of the following projects that Debtors believe  
3 will result in about \$17,000,000.00 paid to Wells Fargo Bank.

- 4                   1.     Willow Glen subdivision;  
5                   2.     Vineyard Estates subdivision;  
6                   3.     Parkside Village subdivision;  
7                   4.     New Expressions subdivision, Phase 5; and  
8                   5.     Granite Ridge subdivision.

9           **E. Repayment of Indebtedness from Operations**

10          Debtors will develop their real property into residential single family homes and sell  
11 them at market rates as described above. Debtors believe that they will sell between 133 and  
12 287 homes each year for the next five years to generate income for the operation of the  
13 business and to fund the Plan. Debtors project cash inflows from sales and loans of  
14 \$21,062,800.00<sup>1</sup> and direct and indirect expenses of \$19,549,500.00 in 2010. This means that  
15 Debtors will have about \$1,513,300.00 of disposable income in 2010 to fund the Plan and  
16 recapitalize Debtors' business. The following table summarized Debtors' projected cash  
17 inflow, expenses and disposable income for 2011, 2012, 2013, and 2014. Detailed budgets  
18 and sales projections are attached as Exhibit "D".

19

Year	Cash Inflows <sup>1</sup>	Operating Expenses	Plan Payments	Net Income
2011	\$28,334,976.00	\$27,563,700.00	\$747,940.00	\$23,336.00
2012	\$36,150,032.00	\$35,357,865.00	\$747,940.00	\$44,227.00
2013	\$45,596,539.00	\$44,758,303.00	\$747,940.00	\$90,296.00
2014	\$50,708,807.00	\$49,919,431.00	\$747,940.00	\$41,436.00

24

25          Debtors believe that the sales projections contained in the Budget are achievable based on  
26 Debtors historic sales. Exhibit "G" attached hereto indicates Debtors' homes sales for the  
27 years 2005 through 2009.

28          <sup>1</sup> The Cash Inflows includes draws on construction loans, but is net of release prices paid directly to lenders for a release of its deed of trust against the home sold.

1                   **F. Litigation Between Debtors and Chicago Title Company**

2                   Chicago Title Company (“Chicago Title”) is holding about \$680,000.00 of Debtors  
3 money (“the Money”). The Money was withheld by Chicago Title from proceeds received  
4 from the sale of eight homes sold by Debtors. Chicago Title withheld the Money pursuant to  
5 the terms of indemnity agreements between Chicago Title and Debtors. Chicago Title  
6 breached the indemnity agreements and has failed to turnover the Money to Debtors.  
7 Additionally, Debtors dispute the Proof of Claim filed by Chicago Title. Debtors have filed an  
8 adversary proceeding against Chicago Title for breach of contract and turnover.

9                   **G. General Treatment of Classes of Claims**

10                   **1. Secured Creditors.**

11                   a. County Tax Collectors. County Tax Collectors will be pay debts  
12 owed to them for real property taxes from proceeds received from the sale of property subject  
13 to tax liens. Additionally, County Tax Collectors will be paid a monthly payment as described  
14 in the Plan.

15                   b. Bank of America. Bank of America is providing Debtors with  
16 financing necessary for Debtors to built out the projects that are subject to Bank of America  
17 Deeds of Trust. Bank of America will be paid pursuant to the terms of the Debtor in  
18 Possession Credit Agreement. Bank of America will be paid from the income Debtors receive  
19 from the development and sale of Bank of America’s collateral.

20                   c. Wells Fargo Bank. Wells Fargo Bank will be paid from the  
21 liquidation of its collateral. Any amount not repaid through the liquidation of the Wells Fargo  
22 Properties will be a general unsecured claim to the extent allowed by law.

23                   d. Valley Business Bank. Debts owed to Valley Business Bank will  
24 accrue interest at the rate of 6% per annum and be amortized and paid over 5 year through  
25 payments of \$5,050.00 per month.

26                   e. United Security Bank. Debtors anticipate that United Security Bank  
27 will provide Debtors with financing necessary for Debtors to built out the projects that are  
28 subject to United Security Bank Deeds of Trust. United Security Bank will be paid pursuant to

1 the terms of the Credit Agreement to be entered between Debtors and the Bank. United  
2 Security Bank will be paid from the income Debtors receive from the development and sale of  
3 United Security Bank's collateral.

4 f. Tri Counties Bank. Debts owed to Tri Counties Bank will accrue  
5 interest at the rate of 6% per annum and be amortized over 20 years. However, Tri Counties  
6 Bank will be paid in full within 5 years of the Effective Date of the Plan.

7 g. Bank of the Sierra. Bank of the Sierra will be paid from the  
8 liquidation of its collateral. Any amount not repaid to Bank of the Sierra through the  
9 liquidation of its collateral will not be a general unsecured claim to the extent allowed by law  
10 because the debt is nonrecourse.

11 h. Visalia Community Bank. Visalia Community Bank was paid in  
12 part from the liquidation of its collateral. Any amount not repaid to Visalia Community Bank  
13 through the liquidation of its collateral will be a general unsecured claim to the extent allowed  
14 by law.

15 i. Citizens Business Bank. Citizens Business Bank was paid in part  
16 from the liquidation of its collateral. Any amount not repaid to Citizens Business Bank through  
17 the liquidation of its collateral will be a general unsecured claim to the extent allowed by law.  
18 See the section titled General Unsecured Claims on pages 23 and 24 for a further discussion of  
19 the treatment of the claim held by Citizens Business Bank.

20 j. Mechanic's Lienholders. Debtors believe that there are about  
21 \$1,100,000.00 in mechanic's liens recorded against real property owned by Debtors. Debtors  
22 believe that about \$100,000.00 of debt is secured by validly perfected mechanic's liens and the  
23 remaining \$1,000,000.00 of debt represented by mechanic's liens are invalid liens that have  
24 expired. Debtors are seeking the voluntary release of invalid mechanic's liens. Debtors have  
25 obtained releases or promises to release about \$350,000.00 of invalid mechanics liens. Debtors  
26 will seek judicial expungement of invalid mechanic's liens that are not voluntarily released.  
27 Invalid mechanic's lienholders' claims will be treated as general unsecured creditors.  
28 Mechanic's lienholders holding valid mechanic's liens will be paid from the proceeds received

1 from the sale of the property to which the lienholder's lien attaches. Mechanic's liens will be  
2 treated as general unsecured claims to the extent they are unsecured under 11 USC Section 506.

### 3 **2. Priority Creditors.**

4 Class Two Priority Claims will be paid upon confirmation of the plan. The Class Three  
5 Priority Claim held by California Franchise Tax Board will accrue interest at the rate  
6 determined under nonbankruptcy law as of the Effective Date of the Plan and be amortized and  
7 paid over 4 years through payments of \$6,165.49 per month.

### 8 **3. General Unsecured Creditors.**

9 Debtors believe that the general unsecured claims will range between \$30,000,000.00  
10 and \$63,000,000.00 after the liquidation of secured creditors collateral depending on the  
11 deficiency amounts allowed to secured creditors under California state law after liquidation of  
12 the secured creditor's collateral. General unsecured claims will include (a) general unsecured  
13 claims existing when Debtors filed for relief under Chapter 11, (b) the unsecured portions of  
14 any secured claims as provided for under Section 506, (c) deficiency claims against following  
15 the liquidation of a secured creditors collateral to the extent allowed under California state law,  
16 and (d) claims based on guarantees of the debts of other persons. An analysis of claims that  
17 constitute the general unsecured claims is included in the Exhibits as Exhibit "H."

18 The general unsecured claims will share pro rata the following payments each year for  
19 the five years immediately following the Effective Date:

20 (a) the lesser of \$400,000.00 or Debtor's Available Cash as defined by the  
21 Plan annually; and

22 (b) net proceeds from sales of Debtors' unencumbered assets and collection  
23 of unencumbered accounts receivable.

24 General unsecured claims include the deficiency and guaranty claims of Citizens  
25 Business Bank in the approximate amount of \$22,000,000.00, about \$20,000,000.00 of which  
26 is only against Ennis Land Development. Based upon the objection of Citizens Business Bank  
27 based upon an analysis of Citizens Business Bank, the impact of consolidation would be to  
28 decrease and decelerate the payments to Citizens Business Bank under the Plan. Accordingly,

1 as a condition of approval of consolidation, Citizens Business Bank and Debtors no negotiated  
2 a provision whereby Citizens Business Bank's payment would be accelerated. Such payments  
3 will be a component of payments to general unsecured creditors; however, Citizens Business  
4 Bank's claim shall be separately classified from other general unsecured claims. Payments to  
5 Citizens Business Bank shall be distributed as follows. Citizens Business Bank will receive  
6 fifty percent of the distributions to general unsecured creditors until Citizens Business Bank  
7 receives \$258,000.00 in distributions. After Citizens Business Bank receives \$258,000.00 in  
8 distributions, the bank will share pro rata in distributions to general unsecured creditors with all  
9 other general unsecured creditors until Citizens Business Bank is paid its proportionate share of  
10 the funds to be distributed to general unsecured creditors.

11 Debtors will make pro rata distributions to general unsecured creditors on June 30 and  
12 December 31 each year. A summary of payments is attached as Exhibit "I" to the Exhibits.

#### 13 **X. Cash Requirements and Administrative Expenses**

14 In addition to its current expenses, the Plan contemplates the ability to pay Debtors'  
15 administrative claims, if any, on the Effective Date of the Plan with the exception of its  
16 attorneys and accountants. Debtors will pay those claims after approval from the Court from  
17 current operations and retainers held by the attorneys and accountants.

18 Debtors' business operations will yield available cash to fund the continued operations  
19 of the businesses and pay creditors as required by the Plan. The Plan provides for payment of  
20 allowed claims over time.

#### 21 **XII. Chapter 7 Comparison**

22 The Plan provides for payment of allowed claims over time. Debtors believe that  
23 creditors will receive more on account of their claims through the Plan than would occur in the  
24 event of conversion to Chapter 7. Debtors do not believe that unsecured creditors would  
25 receive any payment on their claims if the case was converted to Chapter 7 because Debtors  
26 believe that the liquidation value of their assets is less than the going concern value of the  
27 assets. Debtors believe that about \$200,000.00 will be available to distribute to creditors in a  
28

Chapter 7 case. However, the priority claims in a Chapter 7 case would exceed \$300,000.00. A Chapter 7 Liquidation analysis is attached hereto as Exhibit "J".

The book value of Debtors' personal property exceeds the value of the claims secured by personal property. However, that is because the book value of the personal property includes the face value of the claims held by Debtors against Brian and Pam. However, Debtors believe that if demand for payment in full of the claims against Brian and Pam was made, Brian and Pam would not be able to make any payment and would file Chapter 7 cases. This would result in no personal property being available for liquidation for the benefit of priority claimants or general unsecured creditors. However, Debtors will use their best efforts to collect the accounts receivable owed to them by insiders and will distribute any amounts collected to unsecured creditors as provided for in the Plan.

### **XIII. Management Compensation**

Brian is the President and CEO of Ennis Homes and President of Ennis Land. Brian is paid \$150,000.00 per year for the services he provides to Debtors. The compensation paid to Brian and other officers and managers is necessary for the successful reorganization of Debtors. The officers and managers employed by Debtors are familiar with Debtors' businesses and Debtors believe that similar compensation would have to be paid to other qualified individuals if Debtors were forced to replace its officers and managers.

### **XIV. Insider Claims**

The debts owed between Ennis Homes and Ennis Land will be terminated because Ennis Homes and Ennis Land will merge. Other insiders' claims are general unsecured claims that will be setoff by debts owed to Debtors and subordinated to all other general unsecured claims.

### **XV. Voting**

A class of claimants accepts the Plan if at least 2/3 in amount and more than half in number vote to accept the Plan. At least one class of impaired claims must accept the Plan for the Bankruptcy Court to confirm the Plan.

1 The purpose of the Disclosure Statement is to provide adequate information to creditors  
2 pursuant to provisions of the Bankruptcy Code. Each creditor should consult with its own  
3 legal, tax or financial advisor to the extent it deems necessary to understand the effect that  
4 confirmation of the Plan or failure of confirmation may have on its particular situation.  
5 Debtors will solicit affirmative votes for the Plan after the approval of the Disclosure  
6 Statement.

#### 7 **XVI. Creditor Risks**

8 There is risk to creditors with the confirmation of the Plan. The primary risk to  
9 creditors would be failure by Debtors to make sales in order to complete the payments required  
10 by the Plan and the Chapter 11 case being dismissed. Dismissal of the Chapter 11 case would  
11 allow secured creditors to foreclose against their collateral. This would result in (1) secured  
12 creditors receiving about one-third of the money that is owed to them and (2) unsecured  
13 creditors receiving nothing. Therefore, the benefits associated with the Plan outweigh the risks  
14 associated with the Plan and represents the best chance for all creditors to receive a dividend on  
15 their claims.

#### 16 **XVII. Alternative to Plan**

17 Dismissal of the case or conversion to Chapter 7 are alternatives available to Debtors if  
18 the Plan is not confirmed. Confirmation of the Plan is preferable to the dismissal of its case  
19 because dismissal of the case would result in foreclosure by secured creditors on their collateral  
20 and termination of the business operated by Debtors resulting in the loss of jobs and a negative  
21 impact on the economy in the San Joaquin Valley. Unsecured creditors would receive little or  
22 nothing if the case was converted to Chapter 7 because Debtors' personal property is of little or  
23 no value.
